

# SAFETY DATA SHEET

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier	
Trade name or designation of the mixture	LPS® Revo 66
Registration number	-
Synonyms	None.
Part Number	04416, M04416
Issue date	19-April-2014
Version number	01
1.2. Relevant identified uses of t	the substance or mixture and uses advised against
Identified uses	An aerosol remover of dirt, moisture, dust, flux or oxides from the internal components of electronic or precision equipment.
Uses advised against	None known.
1.3. Details of the supplier of the	e safety data sheet
Supplier	Geocel Limited
Company name	Western Wood Way, Langage Science Park, Plympton,
Address	
	Plymouth, PL7 5BG United Kingdom
Telephone	+44 (0)1752 202060 / +44 (0)1752 334384
In Case of Emergency	+001 703-527-3887
Manufacturer	
Company name	LPS Laboratories, a division of Illinois Tool Works, Inc.
Address	4647 Hugh Howell Rd., Tucker, GA 30084 (U.S.A.)
Website	http://www.lpslabs.com
e-mail	sds@lpslabs.com

### **SECTION 2: Hazards identification**

#### 2.1. Classification of the substance or mixture

The mixture has been assessed and/or tested for its physical, health and environmental hazards and the following classification applies.

#### Classification according to Directive 67/548/EEC or 1999/45/EC as amended

#### Classification

R5, Xn;R20, R52/53 The full text for all R-phrases is displayed in section 16.

#### Classification according to Regulation (EC) No 1272/2008 as amended

Physical hazards Aerosols		Category 3	H229 - Pressurized container: May burst if heated.
Health hazards Acute toxicity, inhalation		Category 4	H332 - Harmful if inhaled.
Environmental hazards Hazardous to the aquati long-term aquatic hazard	,	Category 3	H412 - Harmful to aquatic life with long lasting effects.
Hazard summary			
Physical hazards	Heating may ca	ause an explosion.	
Health hazards	Harmful by inha	alation.	
Environmental hazards	Harmful to aqu	atic organisms, may cause lo	ong-term adverse effects in the aquatic environment.
Specific hazards			ume/gas/mist/vapors/spray. Harmful to aquatic ffects in the aquatic environment.
Main symptoms	redness, swelli		ary irritation. Symptoms may include stinging, tearing, toms of overexposure may be headache, dizziness,
2.2. Label elements			

#### Label according to Regulation (EC) No. 1272/2008 as amended

Contains: 1,2-TRANS-DICHLOROETHYLENE, Isopropanol

Hazard pictograms

	$\mathbf{v}$
Signal word	Warning
Hazard statements	
H229 H332 H412	Pressurized container: May burst if heated. Harmful if inhaled. Harmful to aquatic life with long lasting effects.
Precautionary statements	
Prevention	
P210 P251 P261 P271 P273	Keep away from heat/sparks/open flames/hot surfaces No smoking. Pressurised container: Do not pierce or burn, even after use. Avoid breathing gas. Use only outdoors or in a well-ventilated area. Avoid release to the environment.
Response	
P304 + P340 P312	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTRE or doctor/physician if you feel unwell.
Storage	
P410 + P412	Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.
Disposal	
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
Supplemental label information	40,97 % of the mixture consists of component(s) of unknown long-term hazards to the aquatic environment.
2.3. Other hazards	None known.

#### **SECTION 3: Composition/information on ingredients**

#### 3.2. Mixtures

**General information** 

Chemical name		%	CAS-No. / EC No.	REACH Registration No.	INDEX No.	Notes
1,2-TRANS-DICHLOR	OETHYLEI	NE 50 - 60	156-60-5 205-860-2	-	602-026-00-3	
Classification:	DSD:	F;R11, Xn;R20,	R52/53			С
	CLP:	Flam. Liq. 2;H2 Chronic 3;H412		)2, Acute Tox. 4;H332, Aqua	tic	С
Isopropanol		3 - 5	67-63-0 200-661-7	-	603-117-00-0	
Classification:	DSD:	F;R11, Xi;R36,	R67			
	CLP:	Flam. Liq. 2;H2	25, Eye Irrit. 2;H319,	STOT SE 3;H336		

CLP: Regulation No. 1272/2008.

DSD: Directive 67/548/EEC.

M: M-factor

vPvB: very persistent and very bioaccumulative substance.

PBT: persistent, bioaccumulative and toxic substance.

#: This substance has been assigned Community workplace exposure limit(s).

Note C: Some organic substances may be marketed either in a specific isomeric form or as a mixture of several isomers. In this case the supplier must state on the label whether the substance is a specific isomer or a mixture of isomers.

#### Composition comments

The full text for all R- and H-phrases is displayed in section 16.

#### **SECTION 4: First aid measures**

#### **General information**

In the case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

#### 4.1. Description of first aid measures

4.1. Description of first ald meas	
Inhalation	Remove victim to fresh air and keep at rest in a position comfortable for breathing. Oxygen or artificial respiration if needed. Do not use mouth-to-mouth method if victim inhaled the substance. Induce artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device. Call a POISON CENTRE or doctor/physician if you feel unwell.
Skin contact	Wash off with soap and water. Get medical attention if irritation develops and persists.
Eye contact	Rinse with water. Get medical attention if irritation develops and persists.
Ingestion	Call a physician or poison control centre immediately. Only induce vomiting at the instruction of medical personnel. Never give anything by mouth to an unconsious person. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs.
4.2. Most important symptoms and effects, both acute and delayed	Direct contact with eyes may cause temporary irritation.
4.3. Indication of any immediate medical attention and special treatment needed	Provide general supportive measures and treat symptomatically. In case of shortness of breath, give oxygen. Keep victim warm. Keep victim under observation. Symptoms may be delayed.

#### **SECTION 5: Firefighting measures**

00	
General fire hazards	Extremely flammable aerosol.
5.1. Extinguishing media	
Suitable extinguishing media	Water. Water spray. Foam. Carbon dioxide (CO2). Dry powder.
Unsuitable extinguishing media	None known.
5.2. Special hazards arising from the substance or mixture	Contents under pressure. Pressurised container may explode when exposed to heat or flame.
5.3. Advice for firefighters	
Special protective equipment for firefighters	Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA.
Special fire fighting procedures	Move containers from fire area if you can do so without risk. Containers should be cooled with water to prevent vapor pressure build up. For massive fire in cargo area, use unmanned hose holder or monitor nozzles, if possible. If not, withdraw and let fire burn out.
Specific methods	Use standard firefighting procedures and consider the hazards of other involved materials. Move containers from fire area if you can do so without risk. Cool containers exposed to flames with water until well after the fire is out. In the event of fire and/or explosion do not breathe fumes.

### **SECTION 6: Accidental release measures**

#### 6.1. Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear
appropriate protective equipment and clothing during clean-up. Fully encapsulating, vapour protective clothing should be worn for spills and leaks with no fire. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Avoid breathing gas. Ventilate closed spaces before entering them. Local authorities should be advised if significant spillages cannot be contained. Use personal protection recommended in Section 8 of the SDS.
Keep unnecessary personnel away. Use personal protection recommended in Section 8 of the SDS.
Avoid release to the environment. Contact local authorities in case of spillage to drain/aquatic environment. Prevent further leakage or spillage if safe to do so. Do not contaminate water. Avoid discharge into drains, water courses or onto the ground.
Refer to attached safety data sheets and/or instructions for use. Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil etc) away from spilled material. Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Isolate area until gas has dispersed. Collect spillage. Prevent product from entering drains. Following product recovery, flush area with water.
Use personal protection recommended in Section 8 of the SDS. For waste disposal, see section 13.

### **SECTION 7: Handling and storage**

7.1. Precautions for safe handling	Pressurised container: Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material Do not cut, weld, solder, drill, grind, or expose containers to heat, flame, sparks, or other sources of ignition. Avoid contact with eyes. Avoid prolonged exposure. Use only outdoors or in a well-ventilated area.
	Observe good industrial hygiene practices. Avoid release to the environment.

7.3. Specific end use(s) Not available.

#### **SECTION 8: Exposure controls/personal protection**

#### 8.1. Control parameters

#### **Occupational exposure limits**

### **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

Appearance	Liquid.
Physical state	Gas.
Form	Aerosol
Colour	Clear colorless or nearly colorless
Odour	Mild.
Odour threshold	Not available.
рН	Not available.
Melting point/freezing point	Not available.
Initial boiling point and boiling range	42 ℃ (107,6 °F)
Flash point	Not applicable
Evaporation rate	< 1 BuAc
Flammability (solid, gas)	Not available.
Upper/lower flammability or exp	losive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Vapour pressure	868 mm Hg @20℃
Vapour density	> 1
Relative density	Not available.
Solubility(ies)	
Solubility (water)	< 5 %
Solubility (other)	Not available.
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	460 °C (860 °F) estimated
Decomposition temperature	Not available.
Viscosity	< 3 cSt @25℃
Explosive properties	Not available.
Oxidizing properties	Not available.
9.2. Other information	
Percent volatile	100 %
Specific gravity	1,2 - 1,3 @20℃
VOC (Weight %)	64,7 % per US State and Federal Consumer Product Regulations

### **SECTION 10: Stability and reactivity**

10.1. Reactivity	Strong oxidising agents.
10.2. Chemical stability	Material is stable under normal conditions.
10.3. Possibility of hazardous reactions	Hazardous polymerisation does not occur.
10.4. Conditions to avoid	Avoid heat, sparks, open flames and other ignition sources.
10.5. Incompatible materials	Strong oxidising agents. Reacts violently with sodium, potassium, barium metal. Reacts with finely divided aluminum, zinc and magnesium.
10.6. Hazardous decomposition products	Combustion will generate smoke, possibly thick and choking, resulting in zero visibility and combustion products include hydrogen fluoride, hydrogen chloride, fluorine, chlorine, carbon monoxide and carbon dioxide.

## **SECTION 11: Toxicological information**

General information	Occupational exposure to the substance or mixture may cause adverse effects.
Information on likely routes of	exposure
Ingestion	May cause discomfort if swallowed. However, ingestion is not likely to be a primary route of occupational exposure.
Inhalation	Harmful by inhalation.
Skin contact	Based on available data, the classification criteria are not met.
Eye contact	Direct contact with eyes may cause temporary irritation.

Symptoms	Direct contact with eyes may cause temporary irritation. Exposed may experience eye tearing, redness, and discomfort. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.		
11.1. Information on toxicologic	al effects		
Acute toxicity	Harmful if inhaled.

### **SECTION 15: Regulatory information**

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture EU regulations

Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex I Not listed.

Regulation (EC) No. 1005/2009 on substances that deplete the ozone layer, Annex II Not listed.

# Regulation (EC) No. 850/2004 On persistent organic pollutants, Annex I as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 1 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 2 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex I, part 3 as amended Not listed.

Regulation (EC) No. 689/2008 concerning the export and import of dangerous chemicals, Annex V as amended Not listed.

Regulation (EC) No. 166/2006 Annex II Pollutant Release and Transfer Registry Not listed.

Regulation (EC) No. 1907/2006, REACH Article 59(1) Candidate List as currently published by ECHA Not listed.

#### Authorisations

Regulation (EC) No. 1907/2006, REACH Annex XIV Substances subject to authorization, as amended Not listed.

#### **Restrictions on use**

Regulation (EC) No. 1907/2006, REACH Annex XVII Substances subject to restriction on marketing and use as amended Not listed.

Directive 2004/37/EC: on the protection of workers from the risks related to exposure to carcinogens and mutagens at work

#### Not listed.

Directive 92/85/EEC: on the safety and health of pregnant workers and workers who have recently given birth or are breastfeeding

Not listed.

#### Other EU regulations

Directive 96/82/EC (Seveso II) on the control of major-accident hazards involving dangerous substances

### Not listed.

Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work 1.2-TRANS-DICHLOROETHYLENE (CAS 156-60-5)

Isopropanol (CAS 67-63-0)

Directive 94/33/EC on the protection of young people at work

Not listed.

Other regulations	The product is classified and labelled in accordance with EC directives or respective national laws. This Safety Data Sheet complies with the requirements of Regulation (EC) No 1907/2006.
National regulations	Follow national regulation for work with chemical agents.
15.2. Chemical safety assessment	No Chemical Safety Assessment has been carried out.

#### **SECTION 16: Other information**

List of abbreviations	Not available.
References	Not available.
Information on evaluation method leading to the classification of mixture	The classification for health and environmental hazards is derived by a combination of calculation methods and test data, if available.
Full text of any statements or R-phrases and H-statements	
under Sections 2 to 15	R11 Highly flammable.
	R20 Harmful by inhalation.
	R36 Irritating to eyes.
	R5 Heating may cause an explosion.
	R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
	R67 Vapours may cause drowsiness and dizziness.
	H225 Highly flammable liquid and vapour.
	H302 Harmful if swallowed.
	H319 Causes serious eye irritation.
	H332 Harmful if inhaled.
	H336 May cause drowsiness or dizziness.

	H412 Harmful to aquatic life with long lasting effects.
