

## SPATTER RELEASE OIL FREE TRIGGER SPRAY

**Spatter Release Oil Free has been formulated to allow easy removal of weld spatter from metal surfaces, nozzles, jigs and fixtures when the presence of oil cannot be permitted.**

### Features

- Does not affect any subsequent galvanising or painting operations.
- Components can be painted without degreasing.
- Will not interfere with weld formation.
- Ideal for use on stainless steel where oil based products cannot be used.

### Directions for Use

**Hand held spray:** Hold as near upright as possible whilst spraying. Apply a thin even film from a distance of 200-250mm (8-10ins) from the surface to be treated or, in the case of nozzles, 150-200mm (6-8ins).

**Fluid version:** Spatter Release Oil Free Fluid can be applied by dipping, rolling or spraying.

After treatment spatter can be easily removed with a cloth or by tapping nozzles on the side of the bench.
